STEMzone is an outreach tailgate held during a home football game Saturday designed to reach those that do not normally seek out STEM activities.

By the numbers we have

held **3** fall events

planned **2** spring events*

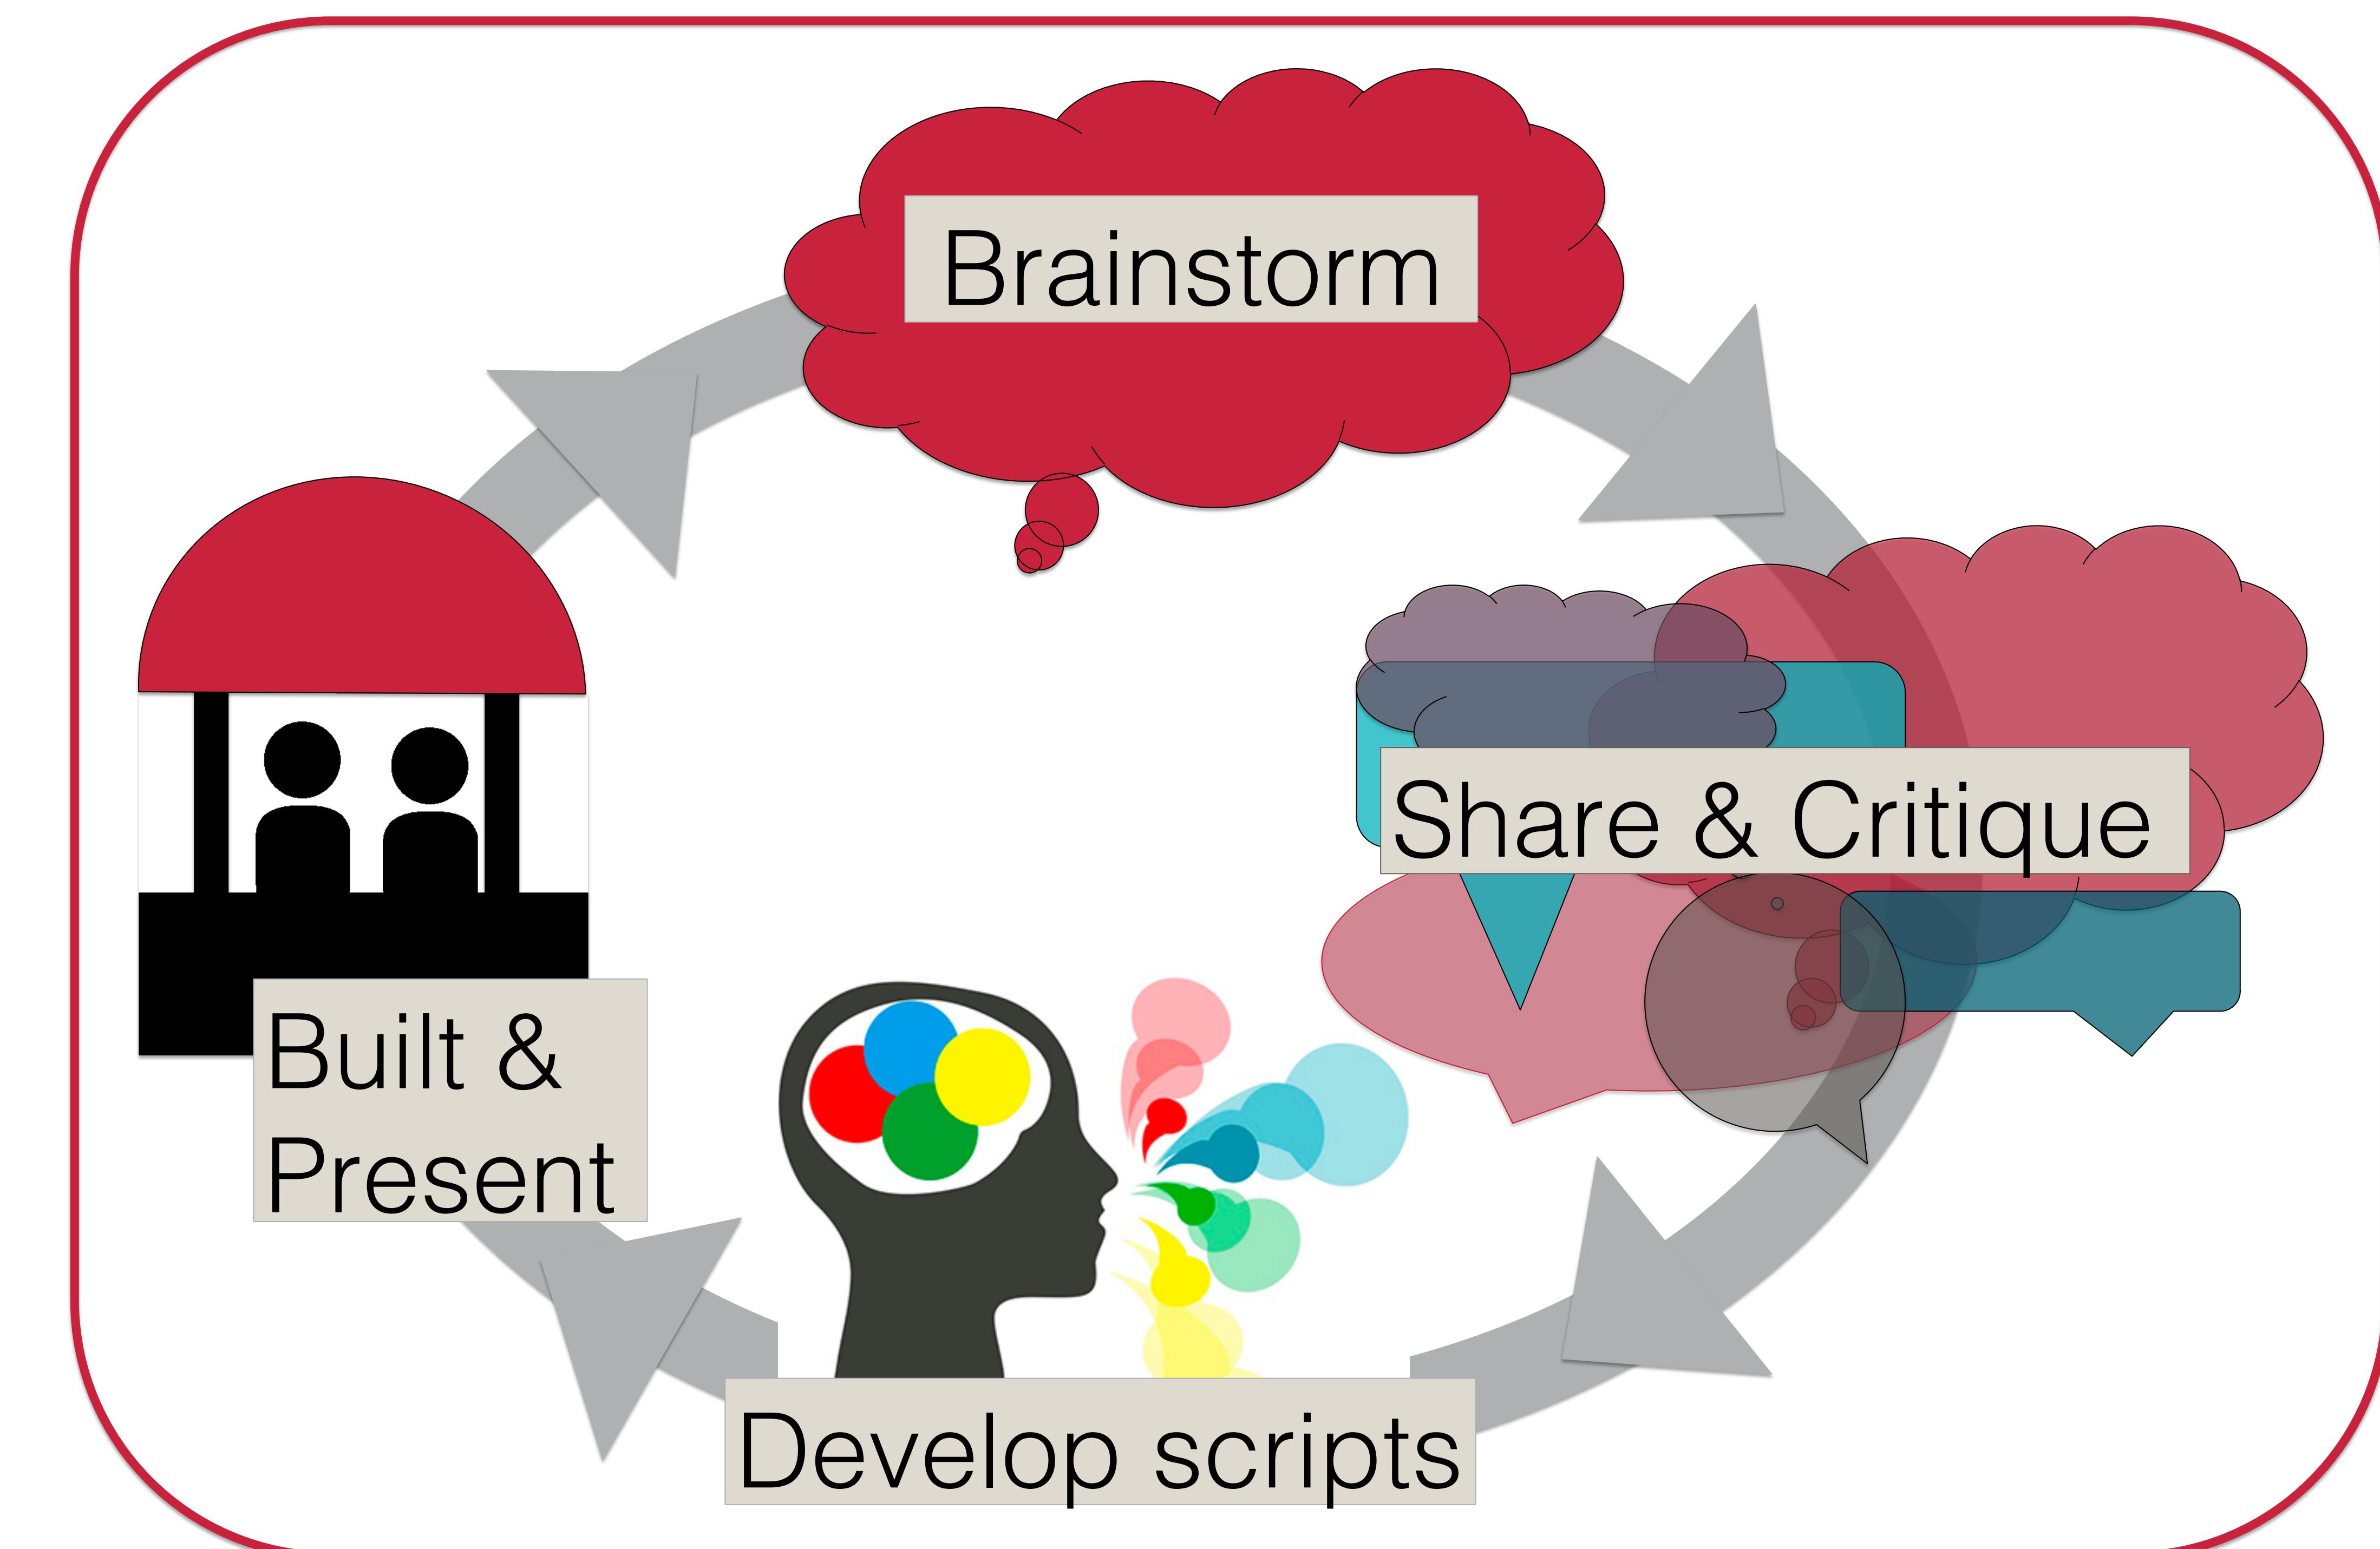

average **13** booths an event

average **1,530** visitors an event

trained **155** scientists

We can support partners starting a *STEMzone* at their institution by providing:

1) A Booth Building Curriculum

2) Planning manuals

3) Access to us!
